

Grants for Apprenticeships Application Preview

Below is a preview of the Grants for Apprenticeships (GAP) application. All applications must be submitted through Slideroom. Questions may change on the final application as we strive to improve our application process every year. If there are any differences in the questions on this preview and on the Slideroom application, please refer to the Slideroom application as the correct and final application. The Slideroom application will be available on or before September 1 each year. Applicants will be asked to confirm that they meet the eligibility requirements as listed on our website and on Slideroom.

We are offering reviews of applications in advance of the deadline. If you would like to submit your application for review, please see the instructions on studiopotter.org for more information.

Studio Potter believes in education in all forms, including in our grant process. We welcome questions or concerns from applicants. Please feel free to reach out apprenticeships@studiopotter.org if you have any questions.
